Waste Operations Program

5Star Specialty Programs is a leading provider of specialty underwriting for numerous commercial classes. **The 5Star Waste Operations Program** offers a comprehensive insurance program for waste haulers and waste related operations.

Targeted risks include refuse collection (residential and commercial), transfer to landfill, recycling, roll-off operations and more. Our extensive industry knowledge is backed by 20 years of experience underwriting insurance for the waste management industry.

As your connection to high quality carriers, our longstanding relationships and reputation in the property and casualty marketplace give you peace of mind that we're a partner you can depend on for the long run. Our commitment to the industry segments we serve is demonstrated by our underwriters' thorough knowledge of the risks and regulations unique to that industry. Transportation providers have many things to consider, and we help make you the expert for your client so that their operation is fully protected.

5Star Specialty Programs also offers the services of an in-house loss control department, 5Star Risk Management Services. **5Star Risk Management Services** works with agents and insureds to develop a customized loss control program to reduce exposures, enhance loss control capabilities and help qualify for lower premiums.
